Apply for Child Care Subsidy

Child Care Subsidy helps pay for licensed child care costs for children 12 years and younger. Families in Peel receiving subsidy pay less than $5 a day on average. Some families receive child care for free.

Even if your family is already receiving reduced fees through the Canada-wide Early Learning and Child Care plan, you may still qualify for **Child Care Subsidy**.

If you're on a waitlist for child care, you can still apply for **Child Care Subsidy**. Contacting us now means your subsidy can be ready when you have a child care space.
